

FREEDOM EXPRESS BLAST

301 BLDS

283 BL

NEW! 283 BL features a HUGE 12'6" garage!

283 BL

FREEDOM TO EXPLORE

Whether you're hauling mini-bikes or motocross, four wheelers or Fat Boys, there's a Freedom Express Toy Hauler for you. The Deep Slide 301 BLDS has a 10' enclosed garage with a slider patio door. The 283 BL has a huge 12'6" garage that easily accommodates side-by-sides. The 271 BL has a front walk-around queen bed, large bathroom with abundant storage and a 10' open garage to haul all of your toys. These models have raised roof lines and a beavertail ramp transition.

423 N. Main Street ■ P.O. Box 30 ■ Middlebury, IN 46540

To learn more about Coachmen RV and our products and see how Coachmen is making the easy life easier, visit www.coachmenrv.com or call 1.800.353.7383.

GVWR (Gross Vehicle Weight Rating) - is the maximum permissible weight of the unit when fully loaded. It includes all weights, inclusive of all fluids, cargo, optional equipment and accessories. For safety and product performance do NOT exceed the GVWR.

GAWR (Gross Axle Weight Rating) - is the maximum permissible weight, including cargo, fluids, optional equipment and accessories that can be safely supported by a combination of all axles.

UVW (Unloaded Vehicle Weight)* - is the typical weight of the unit as manufactured at the factory. It includes all weight at the unit's axle(s) and tongue or pin and LP Gas. The UVW does not include cargo, fresh potable water, additional optional equipment or dealer installed accessories.

*Estimated Average based on standard build optional equipment.

CCC (Cargo Carrying Capacity)** - is the amount of weight available for fresh potable water, cargo, additional optional equipment and accessories. CCC is equal to GVWR minus UVW. Available CCC should accommodate fresh potable water (8.3 lbs per gallon). Before filling the fresh water tank, empty the black and gray tanks to provide for more cargo capacity.

** Estimated average based on standard build optional equipment
 Each Forest River RV is weighed at the manufacturing facility prior to shipping. A label identifying the unloaded vehicle weight of the actual unit and the cargo carrying capacity is applied to every Forest River RV prior to leaving our facilities. The load capacity of your unit is designated by weight, not by volume, so you cannot necessarily use all available space when loading your unit.
 All information contained in this brochure is believed to be accurate at the time of publication. However, during the model year, it may be necessary to make revisions and Forest River, Inc. reserves the right to make all such changes without notice, including prices, colors, materials, equipment and specifications as well as the addition of new models and the discontinuance of models shown in this brochure. Therefore, please consult with your Forest River dealer and confirm the existence of any materials, design or specifications that are material to your purchase decision. ©2018 Freedom Express by Coachmen, a Division of Forest River, Inc., a Berkshire Hathaway company.
