ADVENTURER 30T AE

WINNEBAGO

Accessibility Enhanced Adventurer

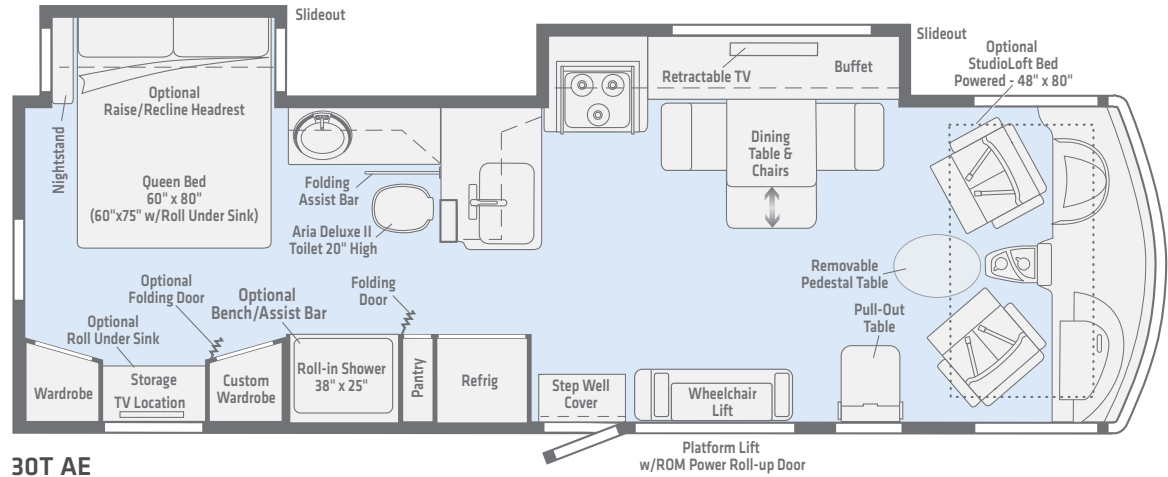

Our top gas-powered coach, the Winnebago Adventurer® is loaded with features and amenities typically reserved for diesel pushers. This famed nameplate is the perfect accessible travel partner – with the slides in there's still enough aisle access for most wheelchairs. At 31 feet in length, the Adventurer is a go-anywhere coach with enough elbow room for comfortable living and entertaining.

An Accessibility Enhanced Adventurer allows you to:

- Travel comfortably – and sleep in your own bed each night.
- Visit faraway places without the hassles of flying.
- Bring your pets or service animals along with you.
- Escape from the routine of everyday life and build lasting memories.

The following Accessibility Enhancements are available on the 30T AE floorplan:

- Platform wheelchair lift with 1,000-pound lifting capacity
- Powered roll-up lift door
- Wall-mount and key-fob remote controls allow wheelchair user to independently enter and exit the coach
- Expanded hallway and toilet areas for greater accessibility
- Large roll-in shower with assist bar and available folding bench seat
- Electric adjustable queen bed
- TV placement
- Microwave placement
- Remote-control roof vents
- Light and generator switch placement
- Faucet controls & adjustable showerhead
- Systems monitor placement
- Power transfer seat option

30T AE

Weights | Measures

	30T AE
Length	31'
Exterior Height ¹	12'1"
Exterior Width ²	8'5.5"
Exterior Storage ³ (cu. ft.)	118
Awning Length	19'
Interior Height	6'8"
Interior Width	80.5"

1. The height of each model is measured to the top of the tallest standard feature and is based on the curb weight of a typically equipped unit. The actual height of your vehicle may vary by several inches depending on chassis or equipment variations. Please contact your dealer for further information.

2. Floorplans feature a wide-body design - over 96". In making your purchase decision, you should be aware that some states restrict access on some or all state roads to 96" in body width. Before making your purchase decision, you should confirm the road usage laws in the states of interest to you.

3. The load capacity of your motorhome is designated by weight, not by volume, so you cannot necessarily use all available space when loading your motorhome. Not all items available in combination. See dealer for details. Winnebago's continuing program of product improvement makes specifications, equipment, model availability, and prices subject to change without notice. Published content reflects the most current product information at time of printing. Please consult your dealer for individual vehicle features and specifications.

Winnebago quality. Winnebago support.

No one knows RVing like Winnebago. That's why smart RVers have chosen Winnebago for more than 60 years. Add to that our more than three decades of customization services for wheelchair customers and you'll see why a Winnebago Accessibility Enhanced motorhome is the right choice for you.
