NOTICE: Please remember there are **NO PETS ALLOWED** at the activity events. Not everyone is a pet lover and not all pets get along with another pet. We wouldn't want to see anyone or a pet getting hurt if a pet got aggressive with another pet. I hope everyone understands our concerns and can help by following our rules. Have a great summer.
DAVE.

Friendly Reminder

Please run all refrigerators and hot water heaters on propane. This will help out our electrical system. Remember electrical appliances such as heaters and hot plates are not allowed. With the high temperatures coming this weekend it is very important to follow our guidelines on this. Please DO NOT try to run your A/C units and charge your golf carts at the same time. Your cooperation is appreciated.

WILDLIFE: Please do not keep household garbage at your site even if it is in a covered can it will still attract skunks and raccoons. We have had a lot of concerns with the amount of skunks around. Your cooperation is appreciated.

Some Reminders:

If you would like us to put something in the Gazette it needs to be submitted to us by no later than 2:30 pm on Thursday

Please remember that when pool is open if you drive up from your site there is no parking on the grass near the pool or along the side of the road. This causes too much congestion to the flow of traffic in and out of the park. Also it is unsafe if a child were to run between the cars it could be deadly. There is parking available up at the office.

Vehicle Parking:

- Maximum of 2 automobiles may be parked at a site. Additional parking is available at the Camp Store lot.
- Maximum of 1 golf cart per site.
- Power boats on trailers may take the place of one of the cars allowed on the site.
