12-month/15,000-mile limited warranty⁷

36-month/36,000-mile limited warranty on
structure⁷

10-year limited parts-and-labor warranty on roof
skin⁷

FOOTNOTES

1. The height of each model is measured to the top of the tallest standard
feature and is based on the curb weight of a typically equipped unit.
The actual height of your vehicle may vary by several inches depending
on chassis or equipment variations. Please contact your dealer for
further information.

2. The load capacity of your motorhome is designated by weight, not by
volume, so you cannot necessarily use all available space when loading
your motorhome.

3. Capacities are based on measurements prior to tank installation. Slight
capacity variations can result due to installation applications.

4. Capacities shown are tank manufacturer's listed water capacity (W.C.).
Actual filled LP capacity is 80% of listing due to overfilling prevention
device on tank.

5. Actual towing capacity is dependent on your particular loading and
towing circumstances which includes the GVWR, GAWR, and GCWR, as
well as adequate trailer brakes. Please refer to the Operator's Manual of
your vehicle for further towing information.

6. See separate chassis warranty.

7. See your dealer for complete warranty information.

Not all items available in combination. See dealer for details.

Winnebago's[®] continuing program of product improvement makes
specifications, equipment, model availability, and prices subject to
change without notice. Published content reflects the most current
product information at the time of printing. Please consult your dealer for
individual vehicle features and specifications.

Standard Equipment At No Extra Charge (Unless replaced by Optional Equipment)
